**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want more competition in the ISP space! I want the ability to trade off between internet speeds, customer service, reliable internet connectivity, and prices.

Where I grew up, we only had one choice and we were at their mercy with small costs being added to our monthly bills, the connection speeds were spotty, and we had nobody else to turn to. As a consumer, I should be able to use my wallet to give feedback to companies, and the only way to do that is if we have options.
